THE DUKE COMPANY

ANSI CLASS 2 FR VEST

NEW

ANSI 107

Made with ANSI 107 (High Visibility Standard) approved materials.

75-3283

ANSI 107-2010 Class 2 ASTM F2302-08 compliant FR (Flame Resistant) vest with Velcro front closure. Made of a solid material, it has two large waist pockets with Velcro flap closure.

Sizes **M - 5X**

Many FR vests today with NFPA 701, which under the old ANSI 107-2004 standard was an option. Under ANSI 107-2010 to be considered a FR vest it must comply with the more rigorous ASTM F2302-2008 standard. Look for more items to be added to our FR line in the future.

Coming soon in orange (75-3284)

ANSI CLASS 3 BREAKAWAY

NEW

75-3305 Yellow, 75-3306 Orange

The five point velcro "breakaway" style allows the vest to be pulled off at the sides, shoulders or front for protection in case the vest gets caught in machinery. ID badge holder, four pen pockets with radio pocket, ID badge holder, four pen pockets with radio pocket, and a radio tab on the left chest. Two waist flap pockets and zipper closure. Sizes **M - 5X**

ANSI 107

Made with ANSI 107 (High Visibility Standard) approved materials.

ANSI CLASS 3 POLO SHIRT

75-5311 Yellow, 75-5312 Orange

A polo shirt for a more professional look on the job. 2" reflective tape and a 3 button collar. Made with the same birds eye material as our t-shirts, this polo wicks away moisture while on the job to provide extra comfort.

Sizes **M - 5X**

ANSI 107

Made with ANSI 107 (High Visibility Standard) approved materials.

ECONOMY MESH VEST

75-3003 Yellow, 75-3004 Orange

This polyester mesh vest is an economic solution when a minimal amount of hi-visibility is needed. 1" wide reflective, 3" front velcro closure and elastic side closures for universal sizing. This is a non-ANSI class item.

1 size fits most
